A screenshot of the Amule application interface. The window has a title bar with "ED2K" and "Kad" tabs. Below the title bar, there is a "Nodes (832)" section with a URL "http://emule-inside.net/nodes.dat". A line graph shows "Nodes" over time, with a y-axis from 0 to 850 and an x-axis labeled "24:54 mins". The graph has three lines: "Current" (white), "Running average" (green), and "Session average" (red). To the right of the graph is a "Bootstrap" section with "New node" fields for "IP:" and "Port:", a "Connect" button, a "Bootstrap from known clients" button, and a "Disconnect Kad" button. Below the graph is a "Kad Info" section with a scrollable list of statistics: "Kademlia Status: Running", "Status: Connected", "Connection State: OK", "Average Users: 2.04M", and "Average Files: 1.51G". At the bottom, there is an "ED2K Link:" field with a "Commit" button. The status bar at the very bottom shows "DownloadQueue.cpp(315):" and system statistics: "Users: E: 37.25M K: 2.04M | Files: E: 3.82G K: 1.51G", "Up: 11.0 | Down: 9.4", and "ED2K: eDonkeyServer No1 | Kad: Connected".
